Dr. Ante Padjen
Founder and Director
I Medici di McGill Orchestra
McGill University
3655 Chemin Sir William Osler, Suite 1316
Montreal, Quebec, H3G 1Y6

Dear Dr. Padjen,

After twenty-three years of purpose, hard work and resolve, the Glen site of the McGill University Health Centre was inaugurated during three days of celebrations, notably the Staff Celebrations, Inauguration Festivities and Community Festival from June 19 to 21.

What a fabulous privilege it was to have the I Medici di McGill Orchestra perform under the baton of Maestro Gilles Auger during all three days! I would like to thank you, Maestro Auger and the members of I Medici sincerely for sharing your talent so generously. Your community spirit shined and we are most grateful!

As I said on Saturday during the inauguration's ribbon-cutting speeches and ceremony, I truly believe that Walt Disney got it right when he stated "*you can design and create, and build the most wonderful place in the world. But it takes people to make the dream a reality.*" The Glen site is a testament to one of the most amazing groups of people I have ever known.

Thank you once again for being a part of the McGill University Health Centre's historic celebrations; it will be one that we will remember for many years to come as a collective achievement.

Sincerely,

A handwritten signature in black ink, appearing to read 'N. Rinfret'.
